

MEET OUR SERVICE TEAM

Your trusted advisors focused on maximizing your uptime

Paul Johnson

Service Advisor

nwservice@northwestfreightliner.com

Meet Paul: One of Our Dedicated Service Advisors at Northwest Freightliner.

Since joining the Northwest Freightliner team in April 2017, Paul has been a valued and dependable part of our service department. A true family man, Paul enjoys spending quality time at home with his wife and son, especially when he gets to enjoy his wife's delicious home cooking. But there's more to Paul than just his warm, family-oriented side. He's also an adventurer at heart, often heading up to the Northwoods of Wisconsin for some shooting and fishing. Believe it or not, he's even taken to the skies and flown a plane! Next time you stop by the Service Department at NWT, be sure to say hello to Paul; you'll be glad you did.
